

## **OBTAINING SERVICE**

No user serviceable parts are contained in the LL916 or LL9816 underwater speakers, or the AC203E Circuit Master transformer box. In the event of malfunction, the LL916 or LL9816 and the AC203E should be returned as a matched pair for service. Please individually box each item, and package in larger carton with at least 3" of packing material around the items. Please contact Lubell Labs at 614-235-6740 or sales@lubell.com for a return authorization number (RA) prior to shipping.

Please include a packing list (itemize contents), copy of sales receipt, description of problem, your return address, and a phone number to reach you. Most repairs can be performed within 2 weeks. You will be contacted with an estimate prior to repair unless instructed otherwise.
